EXPLORE

The nature of Christ

*When You said, "Seek My face," my heart said to You,
"Your face, O LORD, I shall seek." Psalm 27:8*

Fear God because of His goodness: Look for the many ways our Lord Jesus reveals His goodness to us in His Creation.

Explore with courage: There are many scary-looking things outdoors. Bravely learn which ones you can study closely.

Seek Christ in His Word:
He is feared— Ephesians 5:21
He is wise—Colossians 2:3
He is powerful— Jeremiah 32:17
He doesn't change—Hebrews 13:8
He is eternal—Hebrews 7:16
He is exalted— Ephesians 4:10
He is with us—Hebrews 13:5
He is faithful—Hebrews 3:6
He is kindness—Ephesians 2:7
He is love—1 John 4:8, 16

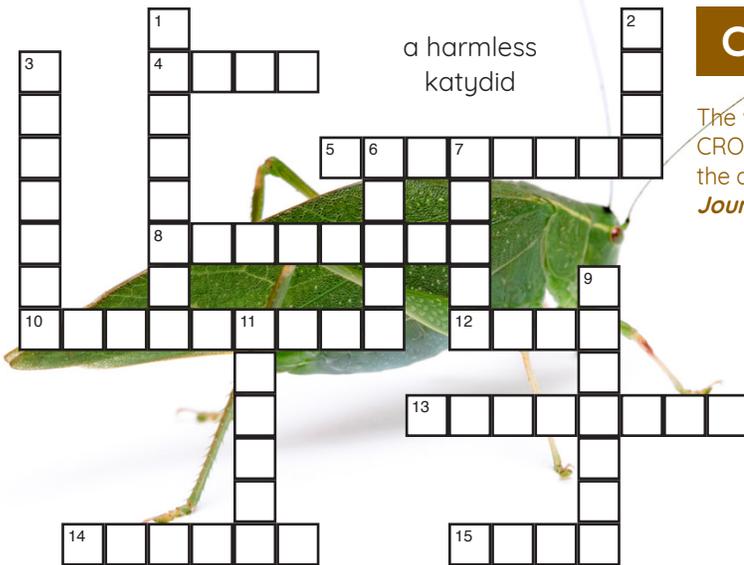

Behold! Allow the Lord to open your eyes: It's fun to talk with others while hiking. But also spend time being very still before your Creator so that He can show you the wonders of His handiworks!

Prepare diligently: Work hard to learn about the plants, animals, rocks, clouds, stars, and planets that Jesus has made.

Delight in your discoveries and **marvel** at Christ's character revealed by them. **Thank Him** for all He shows you!

- 11. The more you read about _____, the greater your enthusiasm to explore it.

Poison ivy

FAMILY ACTIVITIES: Explore!

Grow in the knowledge of Christ our Creator

As we grow in the sweet knowledge of the Almighty, we will be better prepared to discover the delights of His character proclaimed by all Creation. But please remember—we worship God not His Creation. It's always best to explore with others. Bring a notebook & pencil, and a camera with you. Record your observations as best as you can and set your heart to share your "treasures" and discoveries with others when you get home.
