VOLCANOES

Revealing the kindness and severity of God

Volcanoes often reflect the majestic beauty of their Creator, Christ Jesus.

Mineral-rich ash and lapilli from volcanic eruptions form some of the most fertile soils in the world!

House buried under lava on the slopes of Mount Etna, Sicily

Manmade structures are no match for the extreme heat of lava, which can reach 2,200 °F or 1,200 °C.

An erupting volcano may be the most terrifying sight in all Creation!

Road in Hawaii covered with fresh lava from Kilauea

CROSSWORD

The words used in the CROSSWORD are taken from the articles found in the **CREATOR Journal** Volume 27 Number 3.

Answers to CROSSWORD found in **kids' kreation # 110**

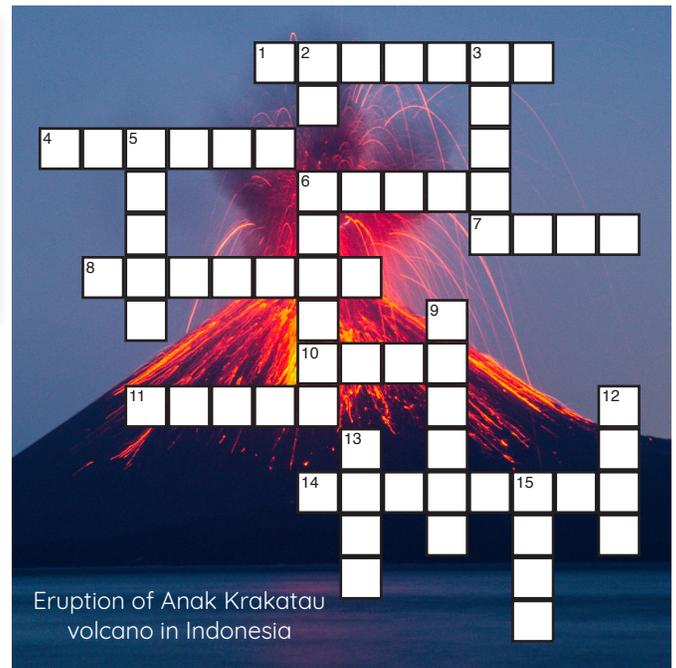

Across: 1. LORD 6. REPTILES 8. SUN
10. ALLIGATORS 13. PARENTS
14. ECTOTHERMS
Down: 1. LUNGS 2. DIGEST
3. VERTEBRATES 4. SCALES
5. CROCODILE 7. LIZARDS
9. TURTLES 11. SNAKES 12. EYELIDS

Across

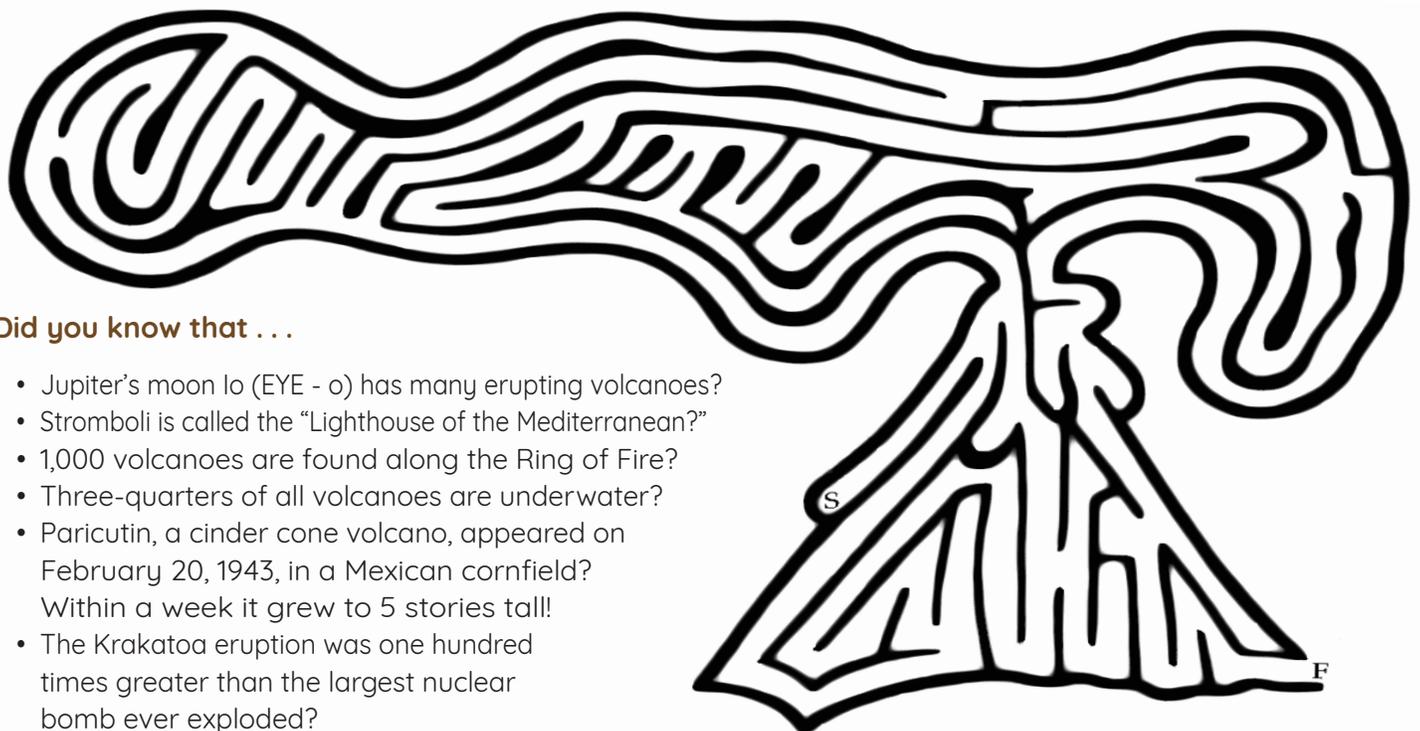

- There are 4 kinds of rock blown out of an erupting volcano: ash, _____, bombs, and blocks.
- There are 3 basic types of volcanoes our Lord Jesus makes: cinder cone, composite, and _____.
- Earthquakes, rockslides, ash, gas, and steam were all caused by _____ moving to the surface of Mount Pelée.
- We live on a thin crust of _____ that is about 50 miles thick.
- A pyroclastic flow is also known as a nuée ardente which is French for "_____ cloud."
- Molten (liquid) rock found above ground is called _____.
- On May 8, 1902, Mount _____ on the Caribbean island of Martinique exploded.
- Volcanoes on Neptune's moon Triton spew out liquid _____.

Down

- There are 2 basic varieties of lava: pahoehoe and _____.
- Huge flows of hot mud and debris coming down from a volcano are known as a _____.

- "They have provoked Me to anger with their _____." Deuteronomy 32:21
- The crust of the Earth lies on top of a layer of hot material called the _____.
- Our loving Creator often warns us of the dangerous things he has placed in _____.
- The _____ is the part of a volcano where magma comes out and forms lava.
- The volcanoes that surround the Pacific Ocean form the Ring of _____.
- "You shall have no other _____ before Me." Exodus 20:3

Did you know that . . .

- Jupiter's moon Io (EYE - o) has many erupting volcanoes?
- Stromboli is called the "Lighthouse of the Mediterranean?"
- 1,000 volcanoes are found along the Ring of Fire?
- Three-quarters of all volcanoes are underwater?
- Paricutin, a cinder cone volcano, appeared on February 20, 1943, in a Mexican cornfield? Within a week it grew to 5 stories tall!
- The Krakatoa eruption was one hundred times greater than the largest nuclear bomb ever exploded?
